Energy Healing

- Energy has been surrounding us since the 'beginning of creation'
- The first beings on Earth utilized the Universal Energy to heal

Energy is Vibration

Healing takes place when Higher Vibrations replace the lower vibrations of the Body, Mind & Spirit.

Attunement to the Higher Vibrations of Energy in the Universe opens us our consciousness to vibration movement.

Questions

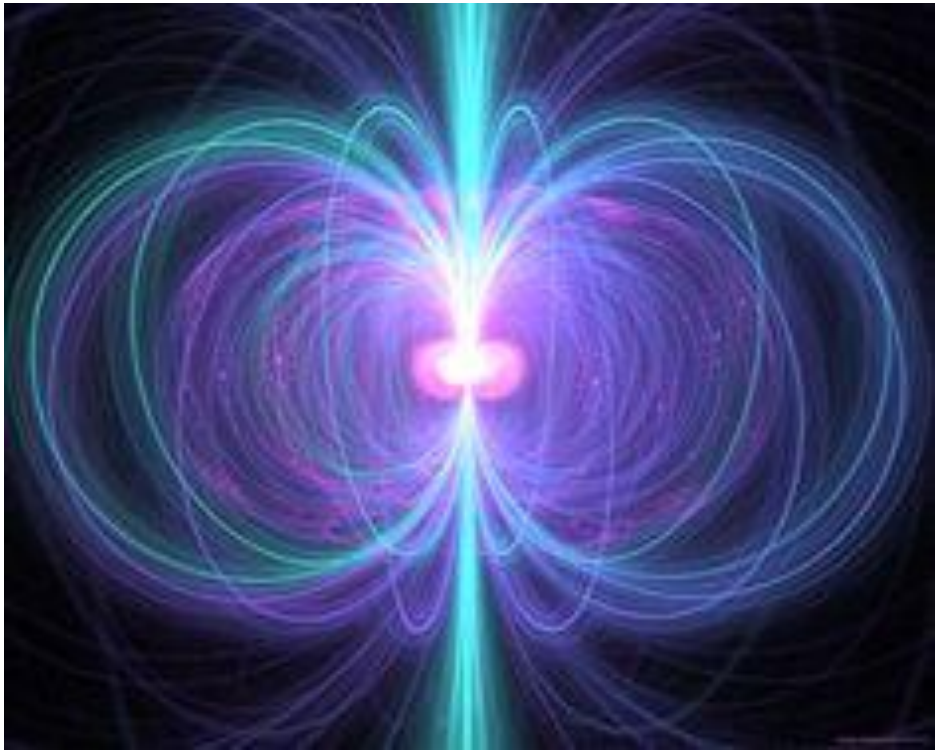

- Do people feel energy moving more with hands on or distance energy healing?
- How close do I need to be to the practitioner for a session?
- What do I need to do during a session?
- What is more effective? In person or distance healing?
- Will I feel energy shifting from a distance as I do in person?
